INTERIOR POSTAL RATE

Beginning in August 1875, and continuing until the end of the Spanish Period, the single-weight interior rate was 2 centavos. However, in the early 1880s, both 2centavos and 2 4/8 centavos stamps were used on mail for the single-weight interior rate until 22 April 1891, when only the 2 centavos rate was authorized.

1880s Manila and Iloilo local letters at the 2 centavos and 2 4/8 centavos single-weight interior rate.
