

FEBRUARY 9, 1944**UNISSUED NATIONAL HEROES SOUVENIR SHEET****PRINTER'S WASTE**

A number of Heroes Souvenir Sheets display abnormal and a bewildering variety of 'errors'. Some exist with black inscriptions missing; some have one or two values missing; some are miscut sheets with portraits of the three heroes grossly misplaced; and some are uncut press sheets of two or four. It is believed that these are printer's waste and were never released by the Post Office. Whether such printer's waste was leaked during the Occupation, or was looted from the post office in 1945, will never be known for certain.
